

Miss Munnings

What people like and admire about me...

I am kind and helpful, especially if you are hurt or poorly.

I work hard and am always on time and often early.

I care for people who care for me.

I am happy to listen and share ideas or advice if I can.

What makes me happy

Spending time with my grown up children.

Theatre especially musicals so I can sing along.

Watching films at home and the cinema.

Reading a good book that takes me to other places.

Nice food especially desserts.

Finding new places to walk with my family.

Beautiful flowers in spring and summer.

How I want to be supported

I sometimes find it tricky in new situations or with new people in new places, so just need a little time to get myself sorted.

A smile ,a wave or hello, as well as a thank you goes a long way.
