

MARIO KART

What people like and admire about me...

I believe other people will like the fact that I am kind, respectful and always willing to help. I love to teach and help people to learn new things.

What makes me happy

Spending time with my dog. I have a 10 year old cavapoo and he means the world to me!

I like to exercise when I can and enjoy playing video games.

How I want to be supported

I really enjoy when people are supportive and understanding. I strongly believe in the ethos of 'treat others how you would like to be treated'.
